

Compliance Recording & AI for Secure Multi-Channel Communication

Stay compliant while using Teams,
Teams Phone, WhatsApp, WeChat, SMS,
iMessage & more

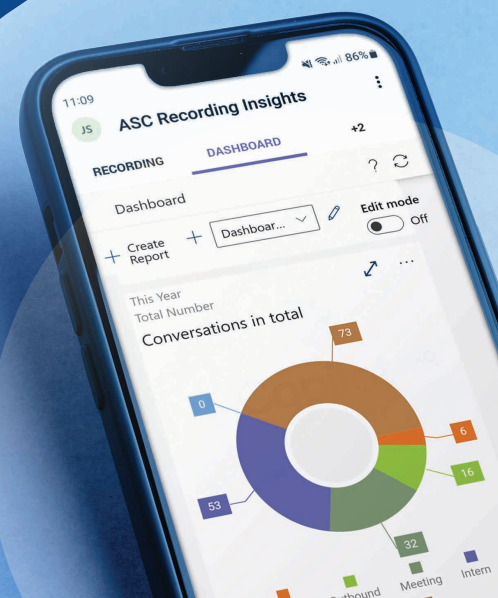

THE CHALLENGE

Ensuring Compliance Across Teams & Messaging Apps

Compliance recording is a must for regulated industries. Failing to record communications in tools like **Microsoft Teams**, **Teams Phone**, or **Teams Phone Mobile** or messaging apps like **WhatsApp**, **WeChat**, **iMessage**, **SMS**, and **LINE** can result in hefty fines and reputational damage. To avoid legal risks, compliance must be ensured across all channels – without compromising on collaboration and efficiency.

ASC & LeapXpert empower companies with

- ✔ **Unified Communication**
Seamless compliant messaging and voice communication in Teams
- ✔ **AI-Based Compliance Monitoring**
Automated policy enforcement, real-time alerts and risk detection
- ✔ **Secure & Seamless Archiving**
Encrypted, regulatory-compliant storage
